**This is the procedure for running exception reports from Meet Manager**

**This is the screen in Meet Manager for running exception reports.**

## Run Exception Reports

Screen 1-Select Exceptions from Reports Menu

A. This is the procedure for running the exception report to determine if a swimmer has swum too many events.

1. This is what the default screen for exception reports looks like. It is for checking for more than 3 swims for each swimmer.

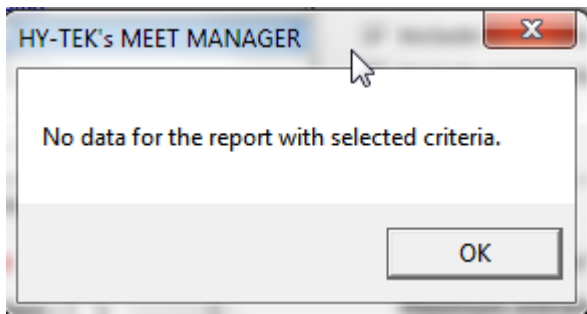

### Run Exception Report for Swims greater than 3

The screenshot shows a software window titled "Exceptions Report". At the top, there are menu options: "Select All", "De-Select All", "Preferences", and "Create Report". Below the menu is a toolbar with icons for back, forward, home, and search. The main area is a table titled "Session List" with columns: "Day", "Start Time", "Session #", "Course", and "Session Title". The first row shows "1", "01:30 PM", "1", "Y", and "Dual Meet". Below the table is a section titled "Check 1 Std if Time Std Report" with a sub-table for "Tag" and "Time Stds". The "Tag" column lists "CHSC", "DIST", and "NAT". To the right of this table are three checkboxes: "Each Team on a Separate Page" (unchecked), "Include birth date" (checked), and "Include registration ID" (checked). Below this is a tabbed interface with four tabs: "Max Entries" (selected), "Stds/Qual", "Miscellaneous", and "Reg Ck / Proof of Time". The "Max Entries" tab contains two radio buttons: "Exceed Maximum Entries per Athlete" (selected) and "Exceed Maximum Entries per Team per Event" (unchecked). Under the first radio button are three input fields: "Max entries including relays : 3", "Max individual entries : 3", and "Max relay entries : 3". Under the second radio button is one input field: "Maximum entries per team :". Below these are three checkboxes: "Include \* Entries" (unchecked), "Include Exhibition" (unchecked), and "Count Relay Alternates (5-8)" (unchecked). At the bottom of the dialog are four sections: "Gender" with radio buttons for "Both" (selected), "Male", and "Female"; "Age Range" with two input boxes separated by a hyphen; "Filters" with dropdown menus for "Team" and "Division"; and "Sort" with radio buttons for "By Athlete" (selected) and "By Team".

**Screen 10- Rebecca Yankelevich Report**

From the info in these two screens, it can be seen that Carleigh was illegal and Rebecca was legal.

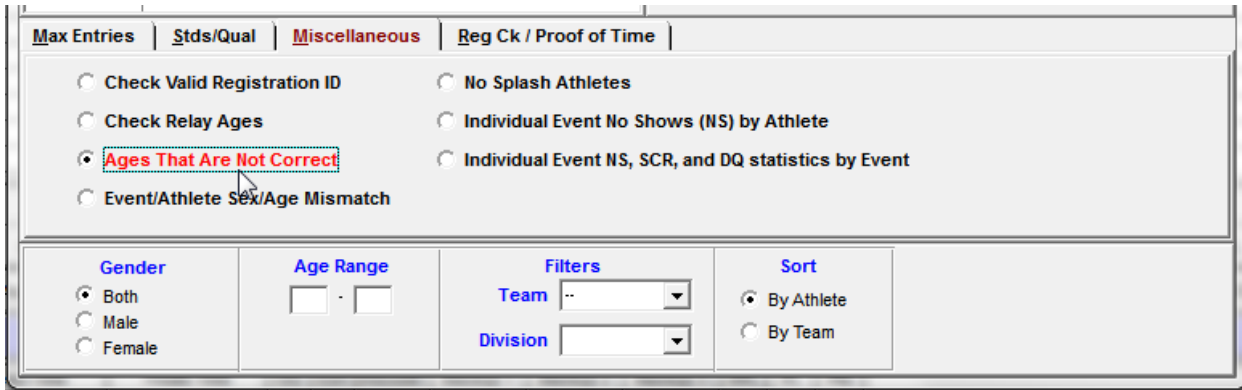

Carleigh is illegal since she swam four live events. She is only allowed three live events.

Rebecca is legal even though she swam in five events, because only three were live events. Her fourth swim was in heat 2 which is an exhibition heat. The coach and scorer incorrectly did not mark that event as exhibition. Her fifth swim was in the live heat, but was marked as an exhibition swim. So she only swam three events live.

The probable cause of this problem is that the coach had aged up the swimmers for an invitational meet and did not re-age the swimmers for the league age up date.

To do the age up for the league date, do what is shown in the four screens.
